Office of the Vice Chancellor

08th December, 2023.

Dear Students,

Important: Acquire Your Personal Laptop for Next Semester's Blended Learning

I would like to take this opportunity to congratulate you upon successfully completing the End of Semester Examinations for the academic year 2023/2024!

As we look forward to the next semester, we want to highlight the importance of having a personal laptop. It is now mandatory for all students to acquire this essential tool in the digital era. This will not only give you access to variety of course materials and interactive learning resources but also facilitate effective communication with your lecturers and other group members.

Moreover, it will be instrumental in enhancing your digital skills. Our primary concern is to ensure your smooth transition to a blended learning model for some selected and cross cutting courses to be offered effective January 2024.

We wish you a successful semester enriched with technology!

**Prof. M. Mpezamihigo
Vice Chancellor**
